The prize will reward the best PhD thesis completed in the years 2019 and 2020 in the field of economics of education with a prize money of 2000 Euro.

Eligible for the prize are PhD theses that deal with topics in the economics of education relevant to the German-speaking world. Besides scientific excellence, social relevance is an important selection criterion.

E

Instructions for submission can be found at www.ffb.unibe.ch.

The Roland Berger Foundation donates the prize money.
